

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

BRAMBLETON WARD.

The Epworth League of Trinity M. E. Church will hold its regular weekly devotional meeting at 6:30 o'clock to-morrow night.

The meeting of the Christian Alliance at Park Avenue Baptist Church next Sunday, is looked forward to with much interest.

A strange white man has been trespassing on the premises of several of the residents on South Kelly avenue for the past day or two. He was accosted by a lady, who found him on her premises, to know what his business was, and he made no answer, although she followed him and repeated the call several times. It is thought by some that he is laying plans to rob at night.

The B. Y. P. U. of Spurgeon Memorial Baptist Church will meet Monday night at 8 o'clock for devotional exercises.

Miss Lucille Sanderlin, of 115 North Maitly avenue, will leave Tuesday for Nansemond county, to visit friends.

ATLANTIC CITY WARD.

Rev. R. J. Willingham, D. D., of Richmond, will deliver an address at Burrow's Memorial Baptist Church, Lambert's Point, Sunday afternoon at 3:30 o'clock. Dr. Willingham is well known in this section as a fluent and eloquent speaker, and he will doubtless have a large audience to hear him.

The Junior Society of the Christian Endeavor of Colley Memorial Presbyterian Church will meet for devotional exercises at 4 o'clock Sunday afternoon. An interesting program has been mapped out for the occasion.

Mrs. William Holst, of Richmond, who has been on a visit to her daughter, Mrs. C. P. Johnston of Washington, D. C., is the guest of her daughter, Mrs. John C. Schert.

The attendance on the "Rainbow Carnival" was somewhat diminished last night on account of the prevailing rain storm, but those who were present were more than repaid for braving the weather. Many pleasing features were presented, and the supper was a most sumptuous one and greatly enjoyed by many. The carnival will be repeated again on Monday evening.

Mr. Heath, who boards at Mrs. Jennings, No. 20 Colley avenue, while sitting at the supper table about 6 o'clock last evening, was suddenly stricken with partial blindness in both eyes, and at 10 o'clock last night his sight had not been restored.

An interesting program has been prepared for the meeting of the Junior Epworth League of LeKies Memorial Church Sunday afternoon.

Several select entertainments are booked to come off in the ward next week.

Rev. W. T. Williams, pastor of LeKies Memorial M. E. Church, will preach from the following subjects Sunday: Morning, "The Need of Prayer;" evening, "In the Storm."

HUNTERSVILLE.

The "pie party" given last evening by the Woman's Home Mission Society of the Methodist Church, at the residence of Mrs. R. T. Webster, was a decided financial success. The large number present pronounced it a most delightful occasion.

The Rosebud Society of the Johnson Avenue M. E. Church will meet Sunday at 11 a. m.

The Epworth League will hold its regular devotional service at 7 p. m.

Miss Nettie Latimer is critically ill on Amelia street.

DEATHS AND FUNERALS

MRS. MARY A. HOLLOWAY.

Mrs. Mary A. Holloway died at her home, No. 712 Church street, Thursday. The funeral will be held from the residence at 11 o'clock this morning.

MRS. ALICE PARKS.

The obsequies of Mrs. Alice Parks, whose death occurred at Hotel Frederick, Pinner's Point, Thursday morning, aged 34 years, were held at the grave in Elmwood Cemetery, this city, yesterday afternoon.

NO SLEEP FOR THREE MONTHS.

One Cause of Sleeplessness That Can Be Overcome.

Mr. Wm. Haudsch, of 46th street, Cottolwood, Pa., expresses himself as follows regarding the new remedy for that common and obstinate disease, piles: "I take pleasure in stating that I was so afflicted with piles that for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure; I purchased of my druggist three 10 cent boxes and they completely cured me. I am once more at work and but for this excellent remedy I would be on my back. I take great pleasure in writing this letter because so many people are sufferers from this trouble who like myself did not know where to look for a permanent, safe, reliable cure.

Experience with the Pyramid Pile Cure for the past three years has demonstrated to the medical profession as well as to thousands of sufferers from piles, that it is the safest and most effectual pile cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle, and being sold by druggists at 50c, and \$1.00 per box, is within the reach of every sufferer.

Very often two or three boxes have made a complete cure of chronic cases that had not yielded to other remedies for years.

There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles, and it is a common practice to use ointments, salves and similar preparations containing dangerous poisons to remove the trouble. The Pyramid has superseded all of these ineffectual remedies and no one suffering with any rectal trouble will make any mistake in giving the Pyramid a trial.

If in doubt as to the nature of your trouble send to The Pyramid Drug Co., Marshall, Mich., for a valuable book on piles, describing all forms of the disease and describing the methods of cure.

Any druggist can furnish the Pyramid Pile Cure as it is the best known and most popular remedy for piles and if you ask him he can doubtless refer you to many people in your own cured who have been cured completely by it.

FOUND COLD IN DEATH

Sad End of an Afflicted Young Man.

Mr. Samuel Judkins, of Atlantic City Ward, Found in His Room Dead, With a Cord Tightly Drawn Around His Neck.

Samuel Judkins, a young man about 19 or 20 years of age, son of Mr. Geo. W. Judkins, residing on North street, Atlantic City, began to act very strangely some two months ago, and his parents, fearing that his mind was impaired, sent him to the city jail, where he was adjudged insane by a commission in lunacy and ordered to be sent to the Eastern State Hospital, at Williamsburg, for treatment.

Before admission could be obtained for him the jail was quarantined and the young man had to be removed to his home to await the time when he could be sent away. He was kept at his home under close watch by his family to prevent him from wandering off.

About 6:30 o'clock last night a member of the family had occasion to go to his room, and on opening the door of his apartment, found him lying on the floor, cold in death, with a cord tightly drawn around his neck. It is believed that he died from strangulation.

The Virginian-Pilot reporter interrogated several citizens as to whether they thought the young man had committed suicide. Some were of the opinion that he did, while others thought that he did not design to take his life. Before his insanity he led a quiet and uneventful life and was generally liked by all who knew him.

AMUSEMENTS.

Despite the inclement weather there was quite a large audience at the Academy of Music last night to hear Mr. George Kennan, the occasion being the Norfolk Lyceum Course lecture. The speaker was introduced by Mr. J. E. Heath, Jr., and he was warmly applauded upon his appearance on the stage. Mr. Heath spoke of Mr. Kennan as the traveler, author and lecturer.

The distinguished literary gentleman began by saying that he could not give the lecture announced, "Life on the Great Siberian Road," because his notes, which he ordered sent here, had not arrived, and that he would substitute "Vagabond Trip Through Eastern Europe" in its place.

Mr. Kennan is a forceful, rapid speaker, uses beautiful language and is very strong in his descriptive passages; but he makes no attempt at oratory, and never uses a gesture. He assumes a conversational style, and very ingeniously worked in considerable humor in his discourse.

"UNDER THE RED ROSE." There was a rush for seats yesterday when the box office opened for "Under the Red Rose," the great New York success, which will be seen for the first time at the Academy Monday evening.

A RARE INTELLECTUAL TREAT. The coming of James Whitcomb Riley to Norfolk will be welcomed by a large number of our citizens, and it is not doubted that a large audience will greet him at the Academy of Music next Thursday evening.

He will appear in selections from his own works, for the benefit of the Protestant Hospital, and will be assisted by some of the best musicians in our city. The advance sale of seats at the usual scale of prices will begin at the box office of the Academy next Monday morning. As special excursion rates will be given on Thursday from Old Point, Newport News, Suffolk and other adjacent points, and over the Ocean View and Virginia Beach roads, and the ferries it would be well for Norfolk people to procure their tickets early.

The "Hoosier Poet," as Mr. Riley is known, never fails to entertain, and no one who has been privileged to hear him has ever complained of having paid for something he or she failed to receive. A journey with him over the oft-trodden but ever new pathway of love, his quaint but charming dialect, his farmer-like actions, and the rich charm and refining pathos of his themes afford a rare intellectual treat to those who hear him recite his poems.

Miss Routten Critically Ill.

Yesterday's Richmond Dispatch says: Rev. J. T. Routten returned yesterday morning from Blackstone, Va., bringing with him his daughter, Miss Ruby, to whose bedside he and his wife had been called. Miss Routten was too ill to sit up, and had to be taken from the depot to her father's residence, No. 423 Denny street, in the city ambulance. She is regarded as critically ill.

Delayed by Fog.

The Bay Line steamer due here yesterday morning at 7:30 o'clock was delayed by fog, and at 7 o'clock last night had not reached Old Point. It was not known where she was and there was just a shade of uneasiness. Her captain and crew are thorough seamen, however, and it is not thought there is any particular danger.

Thunder Storm Last Night.

This city and section was visited by a severe thunder storm last night about 8 o'clock and the rain came down in a sheet. The storm continued with decreasing violence till 1 o'clock this morning. At times the lightning was vivid and the peals of thunder heavy.

Earthquake Shock.

Early yesterday morning a distinct earthquake was felt in several sections of this city. Furniture was made to rattle, and people were awakened from their slumbers.

Relief in Six Hours.

Distressing Kidney and Bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by Walke & Martin, druggists, 103 Water street, Norfolk, Va.

Championship of Virginia. Thomas Clearwater, of Pittsburg, Pa., and John Kelly, of Portsmouth, will to-night begin at Hotel Norfolk a continuous match game of pool for the championship of Virginia. They will play for 50 points, a purse of \$25 going to the winner. The game will be called at 8:30 o'clock sharp.

RECALLED TO LIFE.

Warner's Safe Cure Gives Mr. Vansett Better Health than Ever.

well, and in six months I looked and felt like another man. Thanks to Warner's Safe Cure, which will enable you to do so.

This is a typical case of Bright's disease described with great force and clearness. Mr. Vansett's fear of madness was well grounded. The weak kidneys did not take decayed tissue from the blood, and every hour the poison in the system was increasing.

Every time a beat of the heart pumped blood to the brain, that wonderful organ was poisoned. What a relief it is to know that you have turned your back on sickness and danger! And what a blessing is Warner's Safe Cure, which will enable you to do so.

"I secretly feared that I was losing my mind." The man who uttered these words is a respected citizen of Philadelphia, who has passed through about as much bodily pain and mental torture as a man can endure and still live. In the midst of extreme bodily weakness came the dreadful shadow of insanity. Mere death has no horror to compare with that.

G. A. Vansett is a retired shoe manufacturer, residing at 1003 Milon street, who suffered for many years with kidney trouble and vainly sought relief until he took Warner's Safe Cure. Although he is older than most men, he is in better health than he ever hoped to attain.

"Ten years ago," he says, "I had a complication of diseases that puzzled the doctors, and matters were made worse by worry over my business. When I got out of bed I was so shaky that only by the use of stimulants could I keep on my feet. My head ached continually; my appetite was gone, and nothing tasted right. I felt lame all over and the flesh was sore on my bones. Unusual excitement or annoyance left me exhausted and flabby as an old sponge. I could not sleep, and the least noise sounded like cannonading or thunder. During the day I got drowsy and could not fix my thoughts on any subject. Sheer force of will kept me going. I secretly feared that I was losing my mind.

"A trip abroad seemed to do me good, but I had not been back three weeks, when my old trouble returned. I had an intense itching of the skin at night. A noted physician told me I had Bright's disease in a stage so far advanced that, although medicine might prolong my life, I would do well to put my earthly affairs in order.

"I did not dare to tell my wife. I had read accounts of Bright's disease being overcome by Warner's Safe Cure, and determined to try this remedy as a last resort. Unknown to my family, I began taking it, and soon realized its good effect. To make a long story short, it made me losing my mind. Thanks to Warner's Safe Cure, my old age is healthier

YOUR NOSTRILS

Are Intended to Warm, Moisten and Clean the Air You Breathe.

If they are clogged up disease must result. I have always been TROUBLED WITH A STUFFY FEELING IN MY NOSE, the left nostril especially being CLOGGED UP SO THAT I COULD HARDLY BREATHE through it at all. As a result, I often had to sit up in bed on account of not being able to breathe freely, and WOULD HAVE TO BREATHE THROUGH MY MOUTH. WHEN I AWAKENED MY MOUTH AND THROAT WOULD BE DRY AND TASTED BAD. Of late I SUFFERED OFTEN WITH HEADACHE AND A TICKLING FEELING IN THE THROAT. I HAD A HEAD COLD MOST ALL THE TIME, and the stoppage of the nose had affected my speech somewhat. As a result, I often had to sit up in bed on account of not being able to breathe freely, and WOULD HAVE TO BREATHE THROUGH MY MOUTH. WHEN I AWAKENED MY MOUTH AND THROAT WOULD BE DRY AND TASTED BAD. Of late I SUFFERED OFTEN WITH HEADACHE AND A TICKLING FEELING IN THE THROAT. I HAD A HEAD COLD MOST ALL THE TIME, and the stoppage of the nose had affected my speech somewhat. As a result, I often had to sit up in bed on account of not being able to breathe freely, and WOULD HAVE TO BREATHE THROUGH MY MOUTH. WHEN I AWAKENED MY MOUTH AND THROAT WOULD BE DRY AND TASTED BAD.
